Benton's Liniment.

Which has been used in Carson for over twenty-five years, has saved many an ache and pain to those who know it. It is really intended for horses but works with the same magical effect on the human. It is a powerful remedy and for rheumatism is the king of the world. Aches knocked out in short order. No horseman should be without a bottle. n6tf

Benton's Liniment for sale at all drug stores.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Pasturage.

At the Werner Ranch, one mile from Empire. First-class pasturage, luscious grass, and pure water. For terms apply at the ranch.

MRS. A. WERNER.

ALL SORTS.

"Cash only received after the 1st" is the motto of stores in Virginia City now.

The Creamery Company shipped over three tons of butter last evening to California.

The Mint at San Francisco cannot coin American silver so it has started to work on Chinese gold.

Mrs. Ed Harris and daughter came down from the Lake last evening and passed through to Washoe.

The Summers & Dauchy soda fountain is sizzling day and night. This is regular soda and ice cream weather.

Miss Lizzie Savage and Miss Annie Alley have gone to Markleville. The former will take charge of the school and the latter will try for an examination.

Sheriff Kinney, Geo. Tyrell and Adam Uhl returned from their camping trip yesterday. They have a beautiful copper complexion caused by drinking so much mineral water.

The Denver News call Hill of New York a straddler on the silver question and insists that his language is trimmed up to read two ways. It would seem as if he would be a good man to write the National platforms of both parties.

Two prisoners named Collins and McKiver, were brought up from Reno yesterday morning and placed in the State Prison to await trial for selling liquor to Indians. McKiver has beaten the record, as he was only let out the 23rd.

Eastern merchants will begin to buy goods again sometime. When they do the business men of Kansas, Nebraska, Wyoming and Colorado should use this formula now in use by the merchants of Nevada, Idaho and Montana: "Goods to be shipped when a free coinage bill becomes a law; otherwise the order is void."—Denver News.

A Tidal Wave Predicted.

Middletown, Conn., August 28.—Horace Johnson of this city, who predicted the recent big storm, says that the worst in the history of the country will come between September 6th and 10th. He predicts that a great tidal wave will roll into the streets of Boston and New York along the docks and for a time completely submerge them. He warns merchants owning property in sea coast cities to remove goods along the water front.

The Prison Footprints.

In the last number of the Californian magazine, which was published for the first time in New York, is an article contributed by Robert H. Davis, formerly of the APPEAL office, on the Nevada footprints. It is a very interesting article and copiously illustrated. Mr. Davis has been invited to become a regular contributor to the magazine.

Too Old.

Fred Frey, who carried off the honors at the recent examination for the West Point cadetship, received word from the war department yesterday that he is not eligible on account of age, being a few months too old. This gives the cadetship to F. C. Butterly of Gold Hill, who stood next highest on the list and who is a very bright young man.

Back From the Lake.

"Why did you leave the Lake in this delightful weather?" (Lady who has come out) "I came home to get a square meal and a rest."

Belvidere, Ill., Dec. 3, 1891. NORMAN LICHTY, Des Moines, Iowa.

DEAR SIR:—Having suffered a great deal from headache for years and being unable to get relief until it would wear away of itself. I saw Krause's Headache Capsules advertised, I tried them and now am never without them, finding it the only remedy that will give me relief. When I now find a headache coming on me I take a capsule and find the relief instantaneous.

Respectfully yours, G. H. WRIGHT, Boston, Mass. For sale by Summers & Dauchy, druggists. m

The Ozark.

C. R. Higley is now located at the Ozark saloon, which he has fitted up in style and restocked with first class liquors and cigars. New billiard and pool tables. Beer 5 cents a glass. All other drinks one bit. jy12

THE FAIR.

The Citizens and Directors Moving.

The Agriculture Directors have already begun to move in the Fair and District No. 1 will have a good exhibit this year in spite of the hard times.

The county has donated \$600 to pay premiums on the Stock and Pavilion exhibit and the citizens have already raised over \$500 for races etc. and more will soon be forthcoming.

The Directors are hustling at a lively rate and they find that the majority of people whom they go to are ready to help the Fair in a practical way.

There is also talk of letting the citizens meet and select a Committee to handle the Pavilion exhibit. The races will be as good as any previous year; the entries have nearly all been filled and the stalls have already been pretty well taken with good horses.

Again there are more home horses entered than usual this year, which will add to the interest manifested.

If we all put our shoulders to the wheel there will be a good Fair this year, and don't you forget it.

Crawles in His Hole.

The Tribune man offers as an excuse for not contributing to the Bartine fund, that the contributions were not in the hands of responsible parties.

The poor fellow seems to labor under the impression that his little dollar would be appropriated by the APPEAL.

The APPEAL in its course was indorsed by the Governor of the State and the Mayor of the city.

The real reason why the Tribune man did not give the dollar was simply because he would rather lose a whole set of teeth than part with a dollar, under any circumstances.

The Bullion Bank was also one of the custodians of the Bartine Fund. If the editor of the Tribune suspected that the APPEAL would sink his dollar and spend it for soda water, he still could have left it at the Bullion Bank, but he evidently did not consider the Bank exactly responsible and so determined not to take the risk.

He can still send his dollar to Bartine direct, but there again comes the hitch. The U. S. Postal Department may gobble it up and so Parkie has decided to take no risks and keep his little dollar in his pants pocket where he can keep his hand on it. He is willing to do almost anything for the white metal except put up for it.

It might be a good idea for 100 silver men in this county to contribute a one cent postage stamp each to make up that dollar that the suspicious man didn't dare risk with anybody.

He Will Retire.

Rev. J. B. Hinkle, who came to Nevada in the early sixties, when the people of Nevada were operating under a territorial government, and who has preached the gospel to the people of this state and territory for over thirty years, has decided, it is said, to retire from the ministry and take up a permanent residence on the little farm a mile north east of Reno, which he purchased about a year ago. While Reno gains a most estimable citizen the Methodist church will lose an earnest and most worthy representative. j

Should be Looked After.

It is rumored that an Indian in a wickiup, northwest of the city near the Nevers ranch, is afflicted with diphtheria. It is supposed he got it in Reno.

If there is a genuine case of this disease in this vicinity, the matter should be promptly investigated by the authorities.

A good many squaws do washing in this city and if they come from the Indian camp it would not take long to spread the disease all over town.

Frightful Cyclone.

Savannah, Ga., Aug. 29.—A severe cyclone swept over Georgia, North and South Carolina and Florida yesterday. In this city forty people were killed, many houses wrecked and immense damage done to property. From all along the South Atlantic coast reports of damage and loss of life are coming in. The telegraph wires are down and only meagre information is obtainable.

There is but one bank of snow left on the hills west of town.

COAST NEWS.

Several buildings in Tulare's China town were burned Sunday night.

The Blatchley sawmill, with 600,000 feet of lumber, was burned at Sierraville Sunday.

Dick Heath, who is charged with the murder of McWhirter, at Fresno, has been admitted to bail.

The body of Miss Nina Stalker, who was drowned at Santa Cruz last Tuesday, was recovered Sunday.

Tillamook, Or., hoodlums put in their evenings cutting the legs and tails from cats and enjoying their miserable death.

Edward B. Morris, undertaker and furniture dealer at Placerville, killed himself Saturday in the presence of his mother.

Edward Holmes, a journalist, walked from Montreal to Vancouver, reaching his detention Saturday night. He made the journey in 117 days.

The Indians are holding a grand powwow and war-dance about two miles from Ukiah. The influx of Chinese hop-pickers has greatly excited the aborigines.

There are ninety inmates in the State Prison which includes several U. S. prisoners who are waiting trial.

William Young, who threw a lighted oil-lamp at Irene Mansfield at Los Angeles, causing death from the frightful burning she received, has been found guilty of manslaughter on the third trial.

Robert G. Rodgers, a rancher on Tule river, Tulare county, was shot and killed by R. M. Wilson, his brother-in-law, Saturday. The trouble was of a domestic character, Wilson's wife having sued for divorce.

In clearing out an old well between Angels and Altaville, the remains of a man with a bullet hole in his head were found. The body is supposed to be that of A. A. Ross, who mysteriously disappeared five years ago.

Ormsby County Fair.

To the Ladies, Merchants, Farmers, Miners, Mechanics and Inventors of the counties of Ormsby, Storey and Douglas, comprising Agricultural District No. 1, of Nevada, and all persons interested in the general welfare of the State—Space will be allotted to all desiring to make exhibits in the Fair Pavilion.

The Board of Directors request that Committees may be formed of ladies and citizens who may strenuously exert themselves in procuring a full and satisfactory exhibition in all new works of art, manufactures and agriculture, that all may have a private and personal interest in this year's work. The general stagnation now with us calls upon everyone to be up and doing for the welfare of our State, our homes and our children.

The Directors promise a hearty co-operation with all committees to further and aid their efforts to the utmost of their ability.

The Directors desire to call the attention of exhibitors to the fact that economy calls upon them to make preparation in full for all desiring space and no more; it is therefore imperative that the earliest information of the requirements may be communicated to the Secretary.

It is desired that all exhibits may be in place not later than September 22nd, at 12 noon.

WM. HY. DOANE, Secretary.

A Friend to Silver.

London, August 28.—The Right Hon. Henry Chaplain has sent the Times a letter defending his attitude upon the Indian currency question. He declares that when England sanctioned the closing of the mints in India she inflicted a gross injury upon the native population. Chaplain holds that the English government is mainly responsible for the failure of the Brussels monetary conference, charging that it willfully threw away an opportunity for promoting settlement of the silver question affecting all parts of the world.
